

**ARE YOU
READY TO
START YOUR
CAREER?**

WHY WORK AT RACE?

- Working at Race means working to bridge the digital divide between rural and urban areas, providing much needed services to those whom don't have access to reliable internet.
- Working at Race means working for a company that appreciates their employees; every member of the Race team is a part of a collaborative family.
- Working at Race means working for a socially conscious company that focuses on communities that larger carriers have long ignored.
- Working at Race means working for a stable company with the feel of a start-up.
- Working at Race means that, as an employee, you have a voice that will be heard and recognized.
- Working at Race means that you are striving for a future where internet is for everyone.
- Working at Race means you love where you work and you love what you do.

FAST FACTS

- Race Technologies was founded in 1994 as an IT Consulting firm.
- In 2002, Race Communications emerged as a California-based, licensed last-mile telecommunications company that designs, builds and operates fiber to the premises networks.
- At Race, we believe high-speed Internet is essential for the success of any business. With application development, online customer support and video conferencing being the standard.
- We have dedicated extensive resources to designing, building and providing fiber-based Internet services to nearly 12,000 homes and businesses in unserved and underserved communities.
- Our company currently has over 25 ongoing projects with thousands of miles of fiber being laid.
- Race has been a key player in the transformation of communities across California, driving progress in these areas by providing access to high-speed fiber Internet and making these communities attractive to entrepreneurs, tech companies and government agencies.
- Since the introduction of fiber Internet to these communities, we have seen a positive impact on economic growth and development.
- Our company offers a variety of services and tools to help residences and businesses advance. Our services include gigabit fiber internet, unlimited home phone service and a comprehensive TV package.
- With unmatched speed, limitless potential and affordable pricing, Race Communications' customers thrive in an increasingly digital world.
